

**For Immediate Release**

**AZN TELEVISION LAUNCHES ON COMCAST CABLE  
THROUGHOUT WASHINGTON DC METRO AREA**

*Launches Give AZN Distribution in All Major Asian American Markets in US*

**CENTENNIAL, CO, September 28, 2005** – AZN Television today announced that the channel is launching on Comcast Cable in the entire Washington DC area, including suburban Maryland and Virginia. The rollout is expected to be complete by the end of September.

“Washington DC has a significant Asian American population and the addition of this market to the channel’s overall reach is a major milestone for AZN, putting the channel now in all major Asian American markets in the US,” said Bill Georges, Senior Vice President, Affiliate and Advertising Sales, AZN Television. “We will now continue our push to broaden the distribution of the channel to reach Asian Americans throughout the country.”

AZN will be available on Comcast Digital Cable on all systems in the Washington DC area. The channel adds approximately 400,000 subscribers with these launches.

**About AZN Television**

AZN Television is the network for Asian America. The channel’s primetime programming targets the fast-growing, young, affluent and English-speaking Asian American community with original programming produced in the U.S. Rounding out primetime are some of the most popular movies, dramas, anime and music shows out of Asia. Daytime programming features drama series and timely news programs direct from Asia’s leading broadcasters. Weekends are dedicated to programming for South Asian viewers. For more information, visit [www.azntv.com](http://www.azntv.com).

AZN Television is a service of International Networks, which also provides 15 premium cable television channels from various international sources in the languages of the country of origin. International Networks is the trade name of International Networks, LLC, a wholly owned company of Comcast Corporation (NASDAQ: CMCSA, CMCSK). For more information, visit [www.internationalnetworks.com](http://www.internationalnetworks.com).
