**CENTENNIAL, CO, February 9, 2006** - International Networks has entered into an agreement to represent and market ProSiebenSat.1 Welt. ProSiebenSat.1 Welt is a 24-hour premium network that provides German language programming specifically for a North American audience.

“ProSiebenSat.1 Welt is the first German channel to join our platform of services as we continue to seek out the highest quality television channels from around the world for cable subscribers in the US who want that connection to their particular homeland or culture,” said Scott Wheeler, Senior Vice President of Network Development, International Networks.

ProSiebenSat.1 Welt is a service of ProSiebenSat.1 Media AG, Germany’s largest broadcasting group. The programming is a compilation of the best content from the group’s four networks in Germany - Sat.1, ProSieben, Kabel1 and N24. The US channel offers viewers the broadest and most modern selection of German-language programming and features series such as “Der Bulle von Tölz” and “Edel & Starck,” in-house productions from the “Made by ProSieben” film series, comedy hits like Stefan Raab’s “TV Total” and the enormously popular “Schillerstraße,” and news updates throughout the day. Additionally, ProSiebenSat.1 Welt features two live Bundesliga soccer games every week.

ProSiebenSat.1 Welt is jointly led by Managing Directors Jan Frouman and Hans Fink. Program planning and engineering for ProSiebenSat.1 Welt are managed from the company’s headquarters in Unterföhring, outside of Munich. Glen Friedman, President of Ideas & Solutions! Inc., is the channel’s US-based representative.

“We are excited about the prospect of expanding our distribution platforms and providing ProSiebenSat.1 Welt to all interested customers. We are off to a strong start in the US and believe that our partnership with International Networks will be a key component of our growth strategy,” said Jan Frouman, Managing Director, ProSiebenSat.1 Welt.
